### **Inventus MF medical freezers**

Inventus medical freezers have been designed with the needs of hospitals and healthcare insitutions in mind as the ideal solution to storing temperature sensitive medicins. They are energy efficient, safe and reliable.

The lockable and easy to clean Inventus MC medical freezer standard setup includes four glass shelves adjustable in 56 mm intervals.

Inventus medical freezers have an automatic defrosting functionality with an excellent steadiness of temperature uniformity.

#### **Features**

- Excellent temperature uniformity (± 1°C)
- Low noise level, under 50 dB(A)
- Control unit with clear numeric display for temperature and other functions
- 12-hour battery backup for control unit's power failure alarm and temperature recording (DIN 58345 requirement)
- Antimicrobial (Nanoksi Fotonit) coated controller keyboard
- Real time temperature recording and USB port for data reading
- Key lock on the control unit
- Recording of maximum and minimum temperature
- Visual and audible high/low temperature alarm
- Door switch for fan control and door open-alarms
- Probe failure alarm
- Readiness for RS485 adapter for computer connection
- Potential free (no voltage) alarm coupling readiness for real estate monitoring
- 50 ml bottle for a temperature sensor P4 inside the cabinet
- Fan assisted air distribution
- Automatic defrost
- High Temperature Protection during defrost period
- Automatic vaporization of condensed water
- Molded eco-friendly polyurethane insulated frame.
   The insulation thickness is 80-100 mm
- External finish has a white polyester coated sheet steel.
   Interior finish in stainless steel grade AISI 304
- 4 glass shelves (maximum load 50 kg / shelf) which are adjustable in increments of 56 mm

- Abloy lock is placed in front panel for easy maintenance (Abloy Sentry key)
- The self-closing door has a sturdy molded handle, magnetic seal, and durable hinges. The door remains open at a 90 degree angle
- Antimicrobial (Nanoksi Fotonit) coated handle is designed as a solid part of the door
- Stainless steel legs, height adjustable from 130 mm to 205 mm
- Efficient, environmental friendly, energy saving R290 refrigerant
- Electrical supply 230V / 50 Hz

#### Accessories

- Additional shelves
- Wire basket
- Flat bottomed plastic storage box set
- Castors, lockable front castors
- Short stainless steel legs, adjustable from 80 mm to 105 mm
- Door opening pedal
- ø 8 mm sleeved access port for additional probe
- LED light
- iLOQ lock (Abloy as a standard)
- DIN accessory package (lockable battery backup switch)
